

COLOR CARD

Dear Customer,

We thank you for giving us the opportunity to present our colour card.

This catalogue is completely new compared to the previous versions. In the new catalogue you can choose from 295 different coloured tapes; we can obviously dye any other colour upon your request.

Our sales staff will be happy to help you with any further information you may require.

This is the first edition of the Riri group catalogue and includes the Meras range.

We would like to point out that extended use of this catalogue may cause the colours to fade. To prevent this please avoid long exposure of the pages to light sources.

There may be a slight variation in colour on different types of zip tape, this phenomenon should be considered normal.

The perception of colour can also vary in different light conditions.

New and improved products are regularly added to the range as a result of technical developments and innovations as well as aesthetic influences from the fashion field.

With our best compliments.

Gentile Cliente,

La ringraziamo per averci offerto l'opportunità di illustrarle la nostra raccolta.

Questa selezione è completamente nuova rispetto alle versioni precedenti, che sono pertanto superate e annullate.

Nella nuova raccolta potrà scegliere tra 295 colori.

Naturalmente possiamo tingere qualsiasi altro colore a sua richiesta. A tale proposito il nostro personale di vendita sarà lieto di illustrarle le modalità operative.

Come potrà notare, si tratta della prima selezione del rinnovato gruppo Riri, ed include pertanto anche i prodotti della linea Meras.

Ci permettiamo di sottolineare che a causa dell'utilizzo prolungato della presente selezione la tonalità dei colori potrebbe deteriorarsi. Per minimizzare tale eventuale sbiadimento, eviti l'esposizione prolungata di queste pagine alle sorgenti luminose.

Il colore potrebbe apparire leggermente diverso se riprodotto su nastri differenti, a causa delle caratteristiche dei diversi tessuti. Questo fenomeno è da considerarsi normale.

Le condizioni di luminosità possono influenzare la percezione dei colori.

In considerazione dei costanti miglioramenti dettati da una parte dagli sviluppi tecnologici e dalle innovazioni in generale, dall'altra dalle esigenze più strettamente estetiche e dalla moda, la informiamo che i prodotti Riri sono regolarmente sottoposti a miglioramenti e rinnovamenti.

Con i nostri migliori complimenti e auguri per un proficuo lavoro.
